

Marpole Crosswalk Design by Robyn Sparrow

The City of Vancouver Public Art Program, in collaboration with Musqueam, is pleased to share the design for the crosswalk at 69th and Granville. The work of Robyn Sparrow was selected through an open call to Musqueam artists in May 2018. The anticipated installation of the artwork is spring of 2019.

The work is intended as one way to celebrate the vibrancy of Musqueam artistic traditions and the community today and to provide further recognition of Musqueam territory.
