

MIB Health has a protocol in place for 4 levels of RISK:

**NOTE – numbers of infected/isolated; level of community disruption; number of staff required increases as level increases*

LEVEL 1 Low Risk	<p><u>Low Risk</u></p> <p>Single household or family required to self-isolate → either known exposure, or a Single Confirmed Positive and the transmission risk is LOW</p> <p>**All services will stop for the household required to self-isolate** (i.e. children stop attending school, learning pods, if a home care client → services stop)</p>
	<p>Single Family or household required to self-isolate and can:</p> <ul style="list-style-type: none"> Effectively self-isolate within their home and manage without any additional outside supports Have adequate space to adequately manage (recommended: separate bathroom for infected individual(s)) If needs not met, then they can contact the COVID-19 task group for further assistance
	<p><u>Level of Disruption (of services, community movement) →</u></p> <p>Little to No Disruption Services and programs can remain open and running (following COVID-19 guidelines).</p>

LEVEL 2 Low to Moderate Risk	<p><u>Low to Moderate Risk</u></p> <p>2 – 4 individuals or families or households required to self-isolate → either known exposure, or a 2-4 Confirmed Positive Cases and the transmission risk is LOW to MODERATE</p> <ul style="list-style-type: none"> Families compliant with self-isolation and following all public health guidelines Low risk or transmission through community Individuals &/or Families can adequately manage within their homes
	<p><u>2 – 4 Individuals/Families or households required to self-isolate- re: Risk of Exposure</u></p> <ul style="list-style-type: none"> Can self-isolate within their home and manage without any additional outside supports If the family needs additional supports, they can connect virtually with other friends or extended family for necessities (i.e., groceries shopping or drop off; pharmacy meds or other medications and miscellaneous needs) If needs not met, then they can contact the COVID-19 task group for further assistance
	<p><u>Level of Disruption (of services, community movement) →</u></p> <ul style="list-style-type: none"> Tighter restrictions Chief & Council DECLARE a STATE OF EMERGENCY to allow for increased supports to MIB community Chief and Council Authorize by Motion an announcement based on the Health Department’s recommendation for the “Curfew and Stay at Home Order” to prevent further spread of COVID-19 The Curfew and Stay at Home order is placed for the Community; to advise against households visiting other households This will also be sent out in an URGENT Community Notice door-to-door (See Attachment) Assign Communications teams to do daily update provided by Covid-19 Task force.

LEVEL 3 MODERATE TO HIGH RISK	<p><u>Moderate to HIGH Risk</u> 5 or more Individuals/Families or Households required to self-isolate → either known exposure, or 5+ Confirmed Positive Cases and the transmission risk is MODERATE to HIGH</p>
	<p><u>5+ Individuals/Families or households required to self-isolate-</u></p> <ul style="list-style-type: none"> • More families required to self-isolate → known to pose risks to OTHER households, and require further families to self-isolate (domino effect) • May or may NOT be compliant with self-isolation and following all public health guidelines • Any families known NOT to comply with COVID-19 PHO orders → will be monitored closely by MIB Security and/or MIB VPD Liaison • Increased risk of transmission through community • Individuals or Families can will likely call on COVID-19 task force for supports
	<p><u>Level of Disruption (of services, community movement) →</u></p> <ul style="list-style-type: none"> • Tighter restrictions • Chief & Council maintain the State of Emergency to allow for increased supports to our community • Chief and Council announcement about: “Stay at Home Order and Curfew” • Stay at Home Order and Curfew is placed; to advise against households visiting other households • Send out URGENT Community Notice (<i>see attached*</i>) • Daily curfew begins; enforced by additional MIB Security and/or VPD partners • Assign MIB Comms to do daily update of progress of COVID-19 cases; stats and info reported to Comms by MIB Health; public address by Chief & or Council Designate.

LEVEL 4 HIGH RISK TO EXTREMELY HIGH RISK OF SPREAD	<p><u>HIGH TO EXTREMELY HIGH RISK:</u> 5 or more Individuals/Families or Households required to self-isolate → either known exposure, or 5+ Confirmed Positive Cases and the transmission risk is HIGH to Extremely HIGH spread risk</p>
	<p><u>5+ Individuals/Families or households required to self-isolate-</u></p> <ul style="list-style-type: none"> • More families required to self-isolate → known to pose risks to OTHER households, and require further families to self-isolate (domino effect) • May or may NOT be compliant with self-isolation and following all public health guidelines • Increased staff required to help (assist families; monitor families – daily phone calls; patrol to enforce curfew) • Any families known NOT to comply with COVID-19 PHO orders → will be monitored closely by MIB Security and/or MIB VPD Liaison • Increased risk of transmission through community • Individuals or Families can will likely call on COVID-19 task force for supports
	<p><u>Level of Disruption (of services, community movement) →</u></p> <ul style="list-style-type: none"> • Tighter restrictions • Chief & Council start a State Of Emergency EXTENSION to allow for increased supports to our community • Chief and Council “Stay At Home Order and Curfew” EXTENDED until number of active cases on the decline and risk of spread returns to Level 1 – LOW RISK • Stay At Home Order and Curfew order is placed; to advise against households visiting other households • Send out URGENT Community Notice • Daily curfew remains; enforced by additional MIB Security and/or VPD partners

- MIB Comms to do daily update of progress of COVID-19 cases; stats and info reported to Comms by MIB Health
