Musqueam Fisheries

Community Fish Distribution

Given the low amount of community events that have been held once again this year we will be handing out freezer overstock. Frozen Fraser River Spring as well as some Frozen Skeena River Sockeye Salmon will be available to any band members both on and off reserve on a first come, first serve basis. No holds or reservations of any kind will be made, we are clearing overstock.

Musqueam Fisheries staff will be at the compound across the street from the entrance to the gym/community centre on the days and times listed below. We will not hand out fish to anyone except for those who are able to make it in person on those days. The fisheries facebook page will be updated if we run out of stock to hand out to interested band members. Please check there if you are planning to travel in from off the reserve especially.

March 1st, 2022 10am to 7pm

March 2nd 9am to 4pm (if necessary)

Please note this is in addition to the on-reserve elder's distribution that took place of Smoked Chum Salmon. Elders are also welcome to come down and receive additional fish if they so wish. We will be limiting handouts per household to allow as much access to as many families as possible.

SAFE DRINKING WATER MONITORING PROGRAM

Charlene Campbell-Wood

Providing clean, safe drinking water Metro Vancouver supplies drinking water for the Lower Mainland using a system of watersheds, dams, reservoirs and pipes. The source of our drinking water is rain and snow, which is collected and stored in the Capilano, Seymour and Coquitlam reservoirs. The Capilano and Seymour watersheds supply about 70 per cent of the region's drinking water and the Coquitlam Watershed supplies the rest. Management of the region's drinking water is guided by Metro Vancouver's Drinking Water Management Plan (DWMP).

The goals of the DWMP are to:

- Provide clean, safe drinking water
- Ensure the sustainable use of water
- Ensure the sufficient supply of water
- Manage and protect the watersheds that provide the region's water as natural assets

Seeking Focus Group Participants

The BC Dental Association is seeking participants for a focus group to inform the development of a cultural safety education course for dental office staff and oral health professionals. This cultural safety course is intended to initiate and support meaningful discussions at dental offices about health equity, Indigenous cultural safety, anti-racism, and reflection on how current business decisions impact the lives of Indigenous people.

You are eligible to participate in this course development if you are Indigenous and:

- You have experienced unsafe dental service experiences
- You have experienced culturally safe dental services
- You have had challenges accessing dental services
- You have experienced inter-generational trauma and have fear receiving dental services

If chosen to participate, you will attend a virtual focus group session with other Indigenous people and a professional Indigenous facilitator who will create a safe space in which to share your lived dental experiences together.

As an incentive to participate in the course development, you will be compensated at \$50/hour by the BC Dental Association. The focus groups will take place in late February and early March.

Participants may also have the opportunity to be recorded sharing individual stories, which would be featured as part of the course content.

You will need access to a computer with a video camera and speaker in order to participate in the focus group session and any recording.

If you are interested in participating, please contact Elizabeth Robbins at erobbins@bcdental.org or 604-714-1984.

Musqueam's Virtual Book Club is Back with Eden Robinson's "Return of the Trickster"

On March 29th, 2022 the third installment of the Trickster series will be released! We have pre-ordered some copies. We do not anticipate getting these in before Mid-April

Please note that priority will be given to those who joined us for part 1 and 2 of this series but we will do our best to get copies to as many community members as possible.

After we all receive the book we will set up a time for us to chat on Zoom about this exciting new book!

"In the third book of her brilliant and captivating Trickster Trilogy, Eden Robinson delivers an explosive, surprising and satisfying resolution to the story"

If you are interesting in joining the Book club and receiving a copy of this book, please email cgibson@musqueam.bc.ca

“Eighteen-year-old Daunis Fontaine has never quite fit in, both in her hometown and on the nearby Ojibwe reservation. She dreams of a fresh start at college, but when family tragedy strikes, Daunis puts her future on hold to look after her fragile mother. The only bright spot is meeting Jamie, the charming new recruit on her brother Levi’s hockey team.

Yet even as Daunis falls for Jamie, she senses the dashing hockey star is hiding something. Everything comes to light when Daunis witnesses a shocking murder, thrusting her into an FBI investigation of a lethal new drug.

Reluctantly, Daunis agrees to go undercover, drawing on her knowledge of chemistry and Ojibwe traditional medicine to track down the source. But the search for truth is more complicated than Daunis imagined, exposing secrets and old scars. At the same time, she grows concerned with an investigation that seems more focused on punishing the offenders than protecting the victims.

Now, as the deceptions-and deaths-keep growing, Daunis must learn what it means to be a strong Anishinaabe kwe (Ojibwe woman) and how far she’ll go for her community, even if it tears apart the only world she’s ever known.”

If you are interested in reading this book and joining us on Zoom to chat about the book please email cgibson@musqueam.bc.ca

The xʷməθkʷəy̓əm people are the oldest-known residents of Vancouver, and have lived in the Fraser River estuary for thousands of years. xʷməθkʷəy̓əm's administration has developed the Environmental Stewardship Department (ESD) to work on behalf of the xʷməθkʷəy̓əm community to help steward the lands and waters governed under xʷməθkʷəy̓əm's Traditional Territory while under the direction of Chief and Council.

xʷməθkʷəy̓əm ESD is seeking to contract a qualified xʷməθkʷəy̓əm Artist to develop a selection of digital graphic designs for an internal xʷməθkʷəy̓əm Application/Platform.

Please include a portfolio of previous similar work, and a cover letter in your submission. If you do not have digital copies of your work, please reach out and we can arrange a meeting.

YOU'RE INVITED!

Host Consulting is inviting all Musqueam artists to this meeting to introduce the project and ourselves as public art consultants.

We hope to receive feedback from artists about the best ways to be communicated with, previous Request For Proposal and Expression Of Interest experiences and types of projects that you are wanting to see more of.

MEETING CONTEXT

The art opportunities on the site will be prioritized for Musqueam and Tsleil-Waututh artists.

There will be a variety of art opportunities on the site that will vary in mediums, budgets, duration, etc. Our goal is to engage a broad number of artists on the site with a range of experience from emerging to professional.

This meeting will be the first engagement to introduce ourselves and the development so that artists are well informed about our intentions and will be closely communicated with about future art opportunities that will go out to the two communities.

MARCH 3, 2022

PROJECT CONTEXT

The Willingdon Lands is located on the traditional, unceded shared territory of the xʷməθkʷəyəm (Musqueam) and səliłwətaʔ (Tsleil-Waututh) Peoples. This project is the first project of its kind in Burnaby as it is owned in partnership between the Musqueam Indian Band, Tsleil-Waututh Nation, and Aquilini Development. The joint vision between these families establishes cooperation, partnership, and benefits for all groups involved, and sets a stable foundation for the next generation. The site is envisioned as a contemporary Musqueam and Tsleil-Waututh village that is uniquely representative in Burnaby of Musqueam and Tsleil-Waututh history, culture, and art.

Who We Are Our Role

Host Consulting is a public art consultancy founded by members of the three Host Nations of Vancouver - Faith Sparrow-Crawford from Musqueam, Salia Joseph from Squamish, and Jade George from Tsleil-waututh. Our mandate is to work towards greater representation of MST peoples on MST lands and to create futures where we see ourselves reflected back at ourselves on our own territory. We wanted to create an organization with voices from all three nations to ensure that we are embodying the types of relationships that have governed these territories for generations. The three host nations working with one another and creating beautiful futures for the generations to come.

Host Consulting was selected as the public art consultant for the Willingdon Lands project. With our own unique professional backgrounds and our own positionality as community members of the three Host Nations we bring a deep investment in the land and our communities to the project. Over the duration of the development we will be working with the partnership as well as with the MT communities to engage artists and create ample opportunities for MT artists work to be celebrated and upheld.

Our Vision

The vision for the Willingdon Lands development is to empower Musqueam and Tsleil-Waututh artists across a range of experiences, from professional to emerging, to create powerful, interactive statements combining traditional and contemporary art that are augmented with other forms of communicating. The goals and objectives for the Willingdon Lands Public Art Strategy have been developed with the overall mission of helping to make visible the history of those who have lived here since time immemorial. A driving goal of the project is to work collaboratively with the Musqueam and Tsleil-Waututh Nations in a way that raises the bar and sets a precedent for what it means for them to return to land that is theirs and collaboratively tell their own stories through their own visions and practices.

Call for Musqueam, Squamish, and Tsleil-Waututh Artists

Submission deadline: March 14, 2022 | 5pm PST

Located on the unceded ancestral homelands of the Musqueam, Squamish and Tsleil-Waututh peoples, Britannia is committed to supporting artworks that increase the visibility of these three Nations, and urban Indigenous peoples who live here.

Britannia invites artists to submit designs that can be laid out and printed on 10x10' pop-up tents, see attached template. These tents will be used to activate the **šxwqweləwən ct carving pavilion** through outdoor programs and events such as Indigenous markets, plant medicine workshops, and programming for youth and elders.

This is an invitation for artists from the Musqueam, Squamish and Tsleil-Waututh Nations to create meaningful gestures for this important place of gathering, learning, and creativity.

https://www.britanniacentre.org/facilities/community_centre/carving-centre

Background

Britannia is a non-profit organization located in Vancouver on an 18-acre site with two schools, a public library, an ice arena, Indigenous Carving Pavilion and swimming pool.

Our approach is grounded in social interaction, social development, recreation, sport, fitness, arts, culture, education, learning, nutrition and community connections. We promote the improved mental, emotional, physical, and spiritual health of our community, recognizing that health is impacted by personal, social, economic, and environmental factors. We seek to create programs that encourage meaningful participation in our communities that may lead to social change. We strive to address social and historical inequities by advocating and acting in collaboration with vulnerable community members, and commit to Reconciliation.

Goals for the Project
