DUE TO THE MIB—YOUTH SOCCER TOURNAMENT—THE GYM-NASIUM WILL BE CLOSED THIS LONG WEEKEND; SATURDAY, SUNDAY AND MONDAY AND WILL RE-OPEN ON TUESDAY MAY 23, 2023—REGULAR HOURS.

THANK YOU.

Contamination Update – Summer 2023

Musqueam Creek remains closed, since 2019, due to E. coli and Fecal contamination in the water that is a danger to humans and pets. Animal and human fecal contamination levels have exceeded well past Vancouver Coastal Health recommendations on numerous occasions.

<u>Conditions can change at any of the sampling stations, possibly increasing concentrations above</u> <u>the Health Canada guidelines. For that reason, it is recommended that the creek remain closed</u> <u>from recreational use until further notice.</u>

The Musqueam Lands Department, in consultation with the Environmental Stewardship Department, is working to continue the creek monitoring work, which helps us to provide ongoing updates to the community about the status of the creek's health. Generally, it takes at least three days to receive results from sampling. We are currently exploring sampling methods that could provide quicker results.

The City of Vancouver continues to sample stormwater entering the creek to help identify where contaminants may be leaching into Musqueam Creek. Further testing is needed to identify the sources of contamination. There are many potential factors influencing water quality within the creek, such as surface water runoff and sewage.

Musqueam Lands Department is working with environmental consultants to monitor the contamination levels. There tend to be higher concentrations from July to September, but bacterial spikes can occur any time of the year. Health Canada is assisting in analyzing the contamination levels and then making recommendations, and regular meetings with Health Canada, Metro Vancouver, and the City of Vancouver regarding Musqueam Creek contamination.

The creek remains closed as contamination levels remain high.

We will continue to monitor the situation and keep the community up-to-date.

Sarah Skapski, B.Sc. Acting Environmental Stewardship Manager x^wməƏk^wəyəm | Musqueam Indian Band

Musqueam Community Bldg.

The New Relationship Trust Foundation (NRTF) is pleased to announce that the first call for 2023-24 Scholarships and Bursaries is now available for First Nations students from British Columbia (BC).

By investing in Indigenous post-secondary education, the NRT Foundation and Partners are building the capacity of our communities, enhancing employment opportunities for graduates, and creating the skilled work force that will enable BC to meet its future economic and social development needs. Awards are available to eligible students as Scholarships and Bursaries.

Our Partners are committed to advancing Indigenous post-secondary success.

Contributions from our generous Partners allowed the NRT Foundation to support over 270 Indigenous students with Scholarships and Bursaries in 2022-23. Almost all Indigenous students face financial barriers while attending post-secondary school and the NRT Foundation's Scholarship and Bursary program eases financial struggles so students can focus on their studies and excel.

For the 2023-24 year the NRT Foundation has partnered with organizations interested in advancing Indigenous educational success and will be administering awards on behalf of:

New Relationship Trust Keegan Combes Memorial Awards BC Council of Forest Industries Coastal GasLink Indigenous Leaders in Health and Climate Scholarships Canfor

To apply for these awards Students only need to submit an application to the NRT Foundation.

Want to apply?

For more information and to submit your application please visit:

https://www.nrtf.ca/apply-for-funding/

NRT Foundation first call applications are due June 26, 2023 at 4:30pm PST.

MUSQUEAM NATIONAL NATIVE ALCOHOL & DRUG ABUSE PROGRAM (NNADAP)

SAFE USING CAN SAVE YOUR LIFE

Nasal naloxone | test your drugs first | lifeguard app | safety plan around using even if recreational

Dear Musqueam Community,

The NNADAP & Health Dept would like to take this time to share with you options for Harm Reduction measures for safe using and abstinence if you choose from drugs and alcohol. We have a number of resources available to the community here are a few.

Suicide prevention line

24/7/365 (1-833-456-4566)

Dial 211

is a support line for all of life's challenges such information & obtain referrals to physical & mental health resources, housing, utility, food & employment assistance; suicide & crisis intervention

LifeGuard App & How it works

When someone is about to use, especially alone, they can open the app and record the type of substance they are using and confirm their location. The app will hold this information, and a timer is set which can be paused or extended by the app user at any time.

As the timer ends, the app will sound an alarm, flash a light, and vibrate. The user must hit a button to stop the alarm and indicate they are fine. If they are unable to stop the alarm, a text-to-voice call will go straight to 9-1-1. This alerts emergency medical dispatchers

NNADAP worker -Contacts & what our dept offers

Brad Morin

Wed - Fri 6-9pm

& Sat - Sun 1-5pm

Ph: 604-652-1368

What we offer

- 1-1, Family & Group counselling
- Treatment referrals
- Detox support
- **4** Relapse prevention planning
- Family Interventions
- Referrals to outside mental health agencies
- In office Harm reduction gear
- Drug testing strips
- Clean supplies

MUSQUEAM HOME & COMMUNITY CARE PROGRAM

SAFE DRINKING WATER MONITORING PROGRAM

Charlene Campbell-Wood

How Much Water Is Enough?

Since water is so important, you might wonder if you're drinking enough. There is no magic amount of water that kids need to drink every day. Usually, kids like to drink something with meals and should definitely drink when they are thirsty. But when it's warm out or you're exercising, you'll need more. Be sure to drink some extra water when you're out in warm weather, especially while playing sports or exercising.

When you drink is also important. If you're going to sports practice, a game, or just working out or playing hard, drink water before, during, and after playing. Don't forget your water bottle. You can't play your best when you're thinking about how thirsty you are!

When your body doesn't have enough water, it is called being dehydrated. Dehydration also can keep you from being as fast and as sharp as you'd like to be. A bad case of dehydration can make you sick. So keep that water bottle handy when the weather warms up! Not only does water fight dehydration, but it's awfully refreshing and has no calories.

Your body can help you stay properly hydrated by regulating the amount of water in your system. The body can hold on to water when you don't have enough or get rid of it if you have too much. If your pee has ever been very light yellow, your body might have been getting rid of excess water. When your pee is very dark yellow, it's holding on to water, so it's probably time to drink up.

You can help your body by drinking when you're thirsty and drinking extra water when it's warm out. Your body will be able to do all of its wonderful, waterful jobs and you'll feel great!

18th Annual Musqueam & UBC Youth Soccer Tournament

Notice of Parking Restrictions

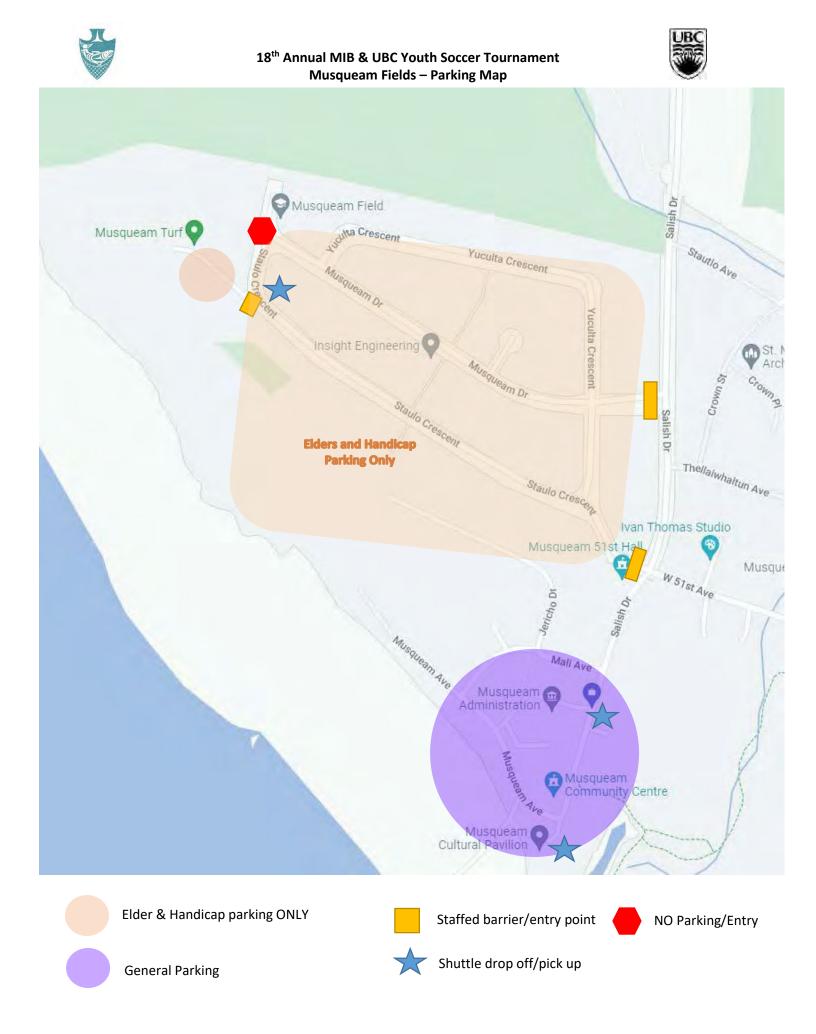

We would like to thank all community members for their continued support of the Annual MIB & UBC Youth Soccer Touranment. This year will be the 18th Annual tournament and we are excited to once again play host to over 40 youth soccer teams for a fun and safe weekend of sport. This years tournament takes place Saturday May 20th – Sunday May 21st, 2023. We are thankful to once again host the tournament at the Musqueam Sports Fields. While hosting close to home has a number of benefits, it does present an issue with parking. Over the past years we have had a **HIGH number of incidents** of residents driveways being blocked and a large number of lawns and gardens being ruined and littered with debris. We have also had high incidents of community members being rude and dismissive to those trying to help us with parking. Please remember to remain respectful and that our helpers are entitled to a safe and confortable environment at the event.

This year Safety and Secuirty will be assisting us in implementing **VERY LIMITED PARKING AT THE FIELDS**. For this reason we ask that you utilize the shuttle service from the Band Office Parking Lot or walk to the fields. Please note Safety and Security staff will be blocking streets and restricting access to elders and handicap ONLY. Please help us to maintain a respectful and mutually beneficial relationship with out neighbours.

Shuttle will run daily from 8:00 am to after the end of the last game.

Thank you for your cooperation and understanding

If you have any questions or concerns please contact Courtenay Gibson, Recreation Coorindator @ 604-269-3451 or <u>cgibson@musqueam.bc.ca</u>
