# MUSQUEAM RECREATION

## Meet our new Recreation Coordinator, Faren Sam!

ʔəy̓ sweyəl, good day, my name is Faren Sam. I am from the Point & Campbell families of Musqueam. My parents are Mike & Pam Sam, my grandparents are Gerald & Darlene Point and I grew up on Penelakut Island.

My role as Rec Coordinator is to develop health and wellness programming for Musqueam, starting with the youth program this summer. In my free time I enjoy paddling, weight lifting and yoga. I look forward to bringing my education, cultural teachings and experience to Musqueam, and am especially excited to be living at home.

It's been a whirlwind since starting, but I look forward to meeting everyone soon!

## Kids Summer Rec Program starts July 8

We are busy planning our annual summer program, which kicks off on Monday, July 8. This summer will be filled with fun activities, outings, and days immersed in culture, education and sport. We look forward to a fun, creative and educational summer with your kids!

### Register your child on July 4 & 5

Parents are invited to register their child(ren) aged on Thursday, July 4 and Friday, July 5, between 10am to 2pm in the Community Centre.

Registration includes completing intake forms and signing waivers for outings. This is a drop-in program, but parents/guardians must complete paperwork prior to your child(ren) joining us.

Summer Rec is a free program open to children aged 5 - 12 years old that live in a Musqueam Household, which is any household within Musqueam Reserve, as well as any household off reserve with at least one Musqueam band member.

# Chief Ernie Campbell Memorial Fund

## Now accepting scholarship applications!

The CECMF is happy to announce that we are accepting applications for post-secondary bursaries and scholarships for the 24/25 school year.

Students who would like to apply can email [admin@cecmf.ca](mailto:admin@cecmf.ca) for an application. More information will be available on the Musqueam website soon.

**Deadline to apply is August 15, 2024.**

## About the CECMF

The Chief Ernie Campbell Memorial Fund was founded in 2017 by Chief Wayne Sparrow to honour the late Chief Campbell and provide funds to members for education, personal growth, sport and cultural activities.

If you are Musqueam and have tried your best to find other ways to pay for important sports, education or cultural activities but you still need some extra help, please reach out to us and apply.

## What we fund

The CECMF is also accepting funding applications for culture, education and sports.

Sports: Team and individual sports for uniform costs, sports equipment, competition fees, user fees, or reasonable travel fees and expenses associated with attending competitions.

Education: Some of the things we can help fund are course fees, uniform costs, school/course supplies, educational assessment fees, shortfall in tuition fees, or reasonable travel fees and expenses associated with attending educational related events

Culture: We want to help the Musqueam Community rediscover their culture and heritage, and to support activities that help promote increased awareness of the Musqueam culture and values. Some of the things we could help fund are activities that revitalize Musqueam traditional practices or language, or reasonable expenses associated with cultural exchanges

For more details about the fund, email [admin@cecmf.ca](mailto:admin@cecmf.ca)

# Japanese beetle monitoring

As part of ongoing efforts to prevent the spread of Japanese beetle within our traditional territory, the Canada Food Inspection Agency (CFIA) is conducting activities within Musqueam IR2 in the coming weeks.

Inspectors with the CFIA will be setting up traps to collect data for the purpose of determining whether the beetle is present in the area. The inspectors will then check on the traps every three weeks approximately.

Adult Japanese beetle flying season occurs from mid-June to mid-October. CFIA traps will remain in place until mid-November, after which they will be removed.

The traps have a floral and pheromone lure. The CFIA confirmed that the lure is not harmful to humans, pets, birds or other insects, like bees and butterflies.

## What is the Japanese beetle?

Japanese beetle (*popillia japonica*) is an invasive and regulated pest. It feeds on roots of turf grass and the foliage of more than 300 plant species, including: roses, fruit trees, grapevines, and other common landscape and food plants.

While this insect is not a risk to human health or safety, its spread can cause significant damage to lawns, landscapes, golf courses, gardens and parks, and agricultural land.

## Find out more

An interactive map is available on the CFIA website shows where the Japanese beetle regulations are in effect: <http://inspection.canada.ca/eng/1656012404559/1656012405146>.

IR2 is not a part of the regulated area, though it is directly bordering it.

Call CFIA at 604-292-5742 or email [BCPF.Japanese.Beetle@inspection.gc.ca](mailto:BCPF.Japanese.Beetle@inspection.gc.ca) to:

- obtain a Movement Certificate (not applicable to members living on IR2 or IR4);
- request a site assessment (members living on IR2/IR4, please contact Kieran Wilson first);
- report Japanese beetle presence;
- ask questions; or
- receive more information.

More information is also available on the CFIA website:  
<http://inspection.canada.ca/JB>

# Creek Monitoring Project

Musqueam Creek and Cutthroat Creek is important to Musqueam and used for traditional ceremonial and recreational purposes by the community. However, bacterial contamination has been identified in the creeks and is a health and safety concern for our community.

Activities upstream and surrounding the creeks have impacted the water quality, and are likely derived from new developments, increased urbanization, as well as outdated infrastructure and other nearby impacts.

The Musqueam Lands department received funding and is working with Arcadis (consulting company) on a project to identify the sources of contamination. The goal is to find a solution to reduce the contamination so we can safely use the creeks as our ancestors have for thousands of years.

This project will also build Musqueam's capacity to monitor and evaluate the water quality of our creeks independently.

## Get involved: Join the steering committee

There will be a number of opportunities for Musqueam members to participate in the project. One of the biggest roles will be the steering committee, which will work closely with the project team to share knowledge and provide guidance that will direct the project.

We are seeking band members with relevant experience, knowledge and insight into the cultural and ecological values of the creek. Potential members may include community health advocates, elders, youth, and people who use the creek for ceremonial bathing.

- Time commitment: monthly meetings from July - November 2024, online and/or in person, plus 1-2 creek walks
- Honouraria: \$200/meeting
- 5 positions available

### How to apply

Submit an expression of interest to Kim A. Guerin, Lands Governance Officer. Send via email to [kim@musqueam.bc.ca](mailto:kim@musqueam.bc.ca), or hand deliver to the band office

Deadline to submit is Wednesday, July 5.

More information is available on our website: [www.musqueam.bc.ca](http://www.musqueam.bc.ca)

## Musqueam's Karen, Felix & Owen Grant featured in The Saint Magazine

St. George's School recognizes they have much to learn about Truth and Reconciliation and have been working to strengthen their relationship with Musqueam. To learn more about our history and lived experiences, they interviewed Karen Grant and her two sons Felix, class of 2022, and Owen, class of 2025.

Karen opens up about the intergenerational and community impacts of residential schools, and emphasizes that reconciliation is a lifetime commitment to uncovering truths of colonization.

The core value of respect is shared between Musqueam and St. George's, and the three Grants share ways that the school community can continue to demonstrate respect to Indigenous peoples.

# MUSQUEAM EMPLOYMENT & TRAINING Department Update

## JUNE 2024

## Musqueam Grad 2024

The annual celebration of Musqueam graduates' success, collaboratively organized by Education and Employment & Training, is a testament to our commitment to our members' academic and professional growth.

On June 13, we honoured 38 Education students and 60 Employment & Training students.

We extend our gratitude to Gordon Grant, Carl and Oscar Point, Tammy Harkey and her catering team, Noreen Point, Peter So, Odette Wilson, Rebecca Campbell and last but not least, our setup/cleanup crew for their invaluable contributions to the success of this event.

To every graduating student, we offer our sincerest congratulations and best wishes for a future filled with continued learning, growth and prosperity.

## Thank you to our partners for attending!

**JODI CARLOW, MELANIE LIZOTTE,  
HAMISH ROBERTSON, ALANA OLSON &  
PETER SO**

Thank you for your continued support and participation in community events, especially during these special celebrations of success.

## RAM Youth Scholarship

### 2024 RECIPIENT - MARIE SCOTCHMAN

This year's RAM Scholarship recipient is Marie Scotchman. Marie has completed her Welding Level B through UA Piping Industry College of British Columbia. Marie is a hard worker, eager learner and has put in many extra hours of hands-on learning and practice to her successful outcome. Marie has also impressed us with her positive outlook, dedication and determination.

Congratulations, Marie! We also would like to graciously thank RAM Consulting for your generosity and commitment to enhancing the social-economic impacts of Musqueam members.

## Job Search in the Computer Lab

# Client of the Month

## MARIE SCOTCHMAN

The Musqueam Employment & Training department is excited to celebrate and highlight the success of one of our hard working members/students, Marie Scotchman. Marie recently completed her Welding Level B through UA Piping Industry College of British Columbia. Marie has been a client of E&T since 2020.

Earlier this year, RAM Consulting tasked Musqueam Employment & Training Department to select a recipient who was deserving of a \$2,000 Scholarship. After careful consideration, our department has agreed that Marie Scotchman would be selected for her hard work and determination. Her success has not gone unnoticed.

Marie, we are so proud of you and cannot wait to see your career evolve over the next few years. Congratulations on being the recipient of RAM Consulting's Indigenous Youth Scholarship.

## Send your photos to E&T to be featured!
